

Q7 The Town has been successful with grant funding from the Province of BC and the Government of Canada. Accessible upgrades are at times expensive. Do you have any ideas or grant opportunities that can be investigated?

Answered: 60 Skipped: 105

#	RESPONSES	DATE
1	The washrooms at Lions park are not accessible for people in walkers or wheelchairs. Currently there is sharp shale path leading up to a cement step into the washroom. Walkers and wheelchairs cannot move on the shale.	3/8/2026 2:23 PM
2	Ensure that all stores are mobility accessible and encourage shop owners to widen isles and align product in such ways that mobility impaired persons can shop for themselves. It is fine for a shop owner to say "we can bring you anything" but many people like to browse and see things for themselves. A person cannot buy what one does not know is available. Home hardware is the worst place for mobility challenged shoppers and yet it is the biggest retailer in town. So sad .	3/7/2026 6:45 PM
3	Move the cross walks one car length back from where they are. Right now, vehicles have to park in the crosswalk to get a view of traffic on Main Street. Also, on Main Street, the walker and wheelchair ramps are built in such a way that you have to walk behind the parked car (into traffic) to access the ramp.	3/6/2026 7:22 AM
4	Wider walkways. Make things easier for parents with strollers and wagons.	3/5/2026 10:42 PM
5	Unfortunately, No.	3/5/2026 2:05 PM
6	No	3/4/2026 7:45 PM
7	Help organizations like the Royal Canadian Legion in Osoyoos facing a \$40,000 bill to install a lift on the premises	3/4/2026 6:29 PM
8	Yes , hire someone that does nothing but research grants you can apply for. Let them work once a week on that. Certainly you afford that with what you charge us in taxes.	3/4/2026 2:02 PM
9	Public washrooms in the shopping area. I shop elsewhere if I have many stops.	3/4/2026 11:53 AM
10	Grants from the government is just a fancy way of saying "we are taking your tax dollars and building this". Out of our pockets. When is the government on ALL levels take accountability and provide for their citizens with the money you "earn" as another tax. Land tax. Your a business. Wheres the profit if you cant even manage clean drinking water?	3/4/2026 11:48 AM
11	Fundraising events (concerts, dances, galas)	3/3/2026 11:02 PM
12	No	3/3/2026 8:21 PM
13	Not all condo complexes in Osoyoos have designated handicap parking..... This is unacceptable, and needs to be checked by the Town of Osoyoos. With parking at a premium in summer months, a condo complex will not govern their own complex due to owner pushback. Town needs to check on this!!!!!!	3/3/2026 7:44 PM
14	No opportunities come to mind. However, I believe more Compliance & Enforcement of bikes, e-bikes, e-scooters that are riding on sidewalks be done.	3/3/2026 7:26 PM
15	sorry, no	3/3/2026 6:54 PM
16	I'm not familiar with resources for municipalities access.	3/3/2026 6:08 PM
17	Better crosswalk visibility, red yellow green lights. More seating for those using canes, walkers Washroom facilities in town, accessible and not.	3/3/2026 5:53 PM
18	Do what ever you want as long as it doesn't cost tax payers	3/3/2026 5:44 PM

Accessibility Survey

19	not at this time	3/3/2026 5:22 PM
20	Put an accessible ramp at the Lions Park beach, please. Wheelchair parking spots on Main Street need revamping so people don't have to get out of their vehicles and go onto the main road.	3/3/2026 5:05 PM
21	Parking accessibility for wheelchairs on Main Street is dangerous. They have to pull out almost into traffic to get to a drop down. The one in front of BMO backs onto a crosswalk. Not safe at all for anyone. 87th. street on Tuesdays is a joke with all of the garbage cans on the sidewalk and on the road. Not accessible for able bodied people let alone anyone with a walker, crutches or wheelchair.	3/3/2026 4:52 PM
22	Rick Hanson Foundation United Way New Horizons for Seniors Canadian Legion War Amps	3/3/2026 4:38 PM
23	Community fundraisers	3/3/2026 4:20 PM
24	Sidewalks to be installed in numerous areas. Visitors centre, around the mall at the Save on Foods(member in scooters and wheel chairs have to use the road as there are limited sidewalks around the Mariposa residents building.	3/3/2026 4:19 PM
25	All of our town sidewalks are in terrible condition. The tripping hazard for those with disabilities is very high.	3/3/2026 4:05 PM
26	Fresh good water supply to all residence and flood and fire mitagation and fighting resources	3/3/2026 2:12 PM
27	Sidewalk access is a real problem and we chose to drive into town now rather than walk. The bicycle and scooters are dangerous and bylaws should enforce the rules.	3/3/2026 1:54 PM
28	Highway sidewalks along Mainstreet need priority fixing.	3/3/2026 1:28 PM
29	Yes yes! I've been asking for two sets of stairs for the south end of GyroBeach for 15 years. It's been in the budget twice that I know of but was not done. The wall there needs stairs desperately. I've watched a couple in their seventies literally fall off it he'd first. Very frightening. Please consider it. [REDACTED] if you need to speak further. Or for clarification. Thank you.	3/3/2026 1:25 PM
30	See above items in 6.	3/3/2026 1:17 PM
31	Water mats that go on fhe sand so wheel chairs can go into the lake.	3/3/2026 1:14 PM
32	More parking for people with disabled passes on Main Street	3/3/2026 12:48 PM
33	Use the RMI funds. Get community organizations involved.	3/3/2026 12:38 PM
34	More cross walks with lights and noise so locals and visitors can cross mainstreet safely.	3/3/2026 12:37 PM
35	Please fix badly broken sidewalk pavement along Golf Course Dr. I use a walker to get to and from the mailbox, and the broken sidewalk is a concern ... an accident waiting to happen. It would also be helpful if homeowners along Golf Course Dr. and the 1st block of Fairview would trim back their hedges from the sidewalk. And please ask realtors to set their large "for sale" signs further back from the sidewalk. Thanks.	3/3/2026 12:33 PM
36	Wouldn't that be the job of the accessibility committee? Why are residents paying for the rentals of floating water chairs, strikes and trail riders?	3/3/2026 12:27 PM
37	No	3/3/2026 12:26 PM
38	No	3/3/2026 12:13 PM
39	We need more visual and audio crosswalk alerts, especially on the highway crossings. Also, more let downs from sidewalks for mobility scooters.	3/3/2026 12:12 PM
40	No	3/3/2026 12:09 PM
41	no	3/3/2026 12:02 PM
42	Fix the sidewalks	3/3/2026 12:00 PM
43	Nov 2026 Elections results	3/3/2026 11:32 AM
44	No ! To the grants ! Maybe some tiny tables so a scooter can easily pull up to rest their coffee	3/3/2026 11:30 AM

Accessibility Survey

45	When the corner areas were done by Home Hardware corners & 87th corners, I was thankful that I didn't need those ramps as they put someone in a wheelchair almost directly into the line of traffic. Also not putting the walk lines in a straight line from the sidewalks is very dangerous as people don't make the final side stepping & just walk straight.	3/3/2026 11:23 AM
46	Accessible park picnic tables	3/3/2026 11:22 AM
47	Disability Alliance BC Rick Hansen Foundation Spark BC	3/3/2026 11:18 AM
48	Children parks in know this is off topic but we need good parks a activity center or something like enerplex where in kids let loose	3/3/2026 11:16 AM
49	no sorry	3/3/2026 11:14 AM
50	MORE VISIBLE CROSSWALK MARKINGS, Overhead lights and voice commands	3/3/2026 11:14 AM
51	More signage for scooters, strikes etc. to educate people to 'drive' on the 'right'/correct side of the road. For the safety of users and drivers everyone must use the 'rules of the road'. Perhaps some courses/meetings @ the market or somewhere on Main Street where people can be introduced to the correct way to drive their scooters etc.	3/3/2026 11:13 AM
52	No	3/3/2026 11:13 AM
53	I think ensuring that any town/council meetings are available via Zoom or some other webcast technology so those who can't make it can listen in. And I think if we can prioritize actual crosswalk lights at the little crosswalks everywhere on Main street, up by McDonald's down to the Bridge and on the motel strip - at least by the McDonalds - that would help with safety. I have concerns for elderly folks at sunshine ridge, for example, crossing the highway to get to Red Apple.	3/3/2026 11:13 AM
54	I know this is not about grant. However, it is utmost important to reinforce rule of not allowing or fining cyclists either on bikes, e-bikes or scooters on sidewalks along Main Street, and in the bridge sidewalk for it is dangerous especially for the seniors.	3/3/2026 11:11 AM
55	The Sonora centre gym has caught equipment and mats in the upper level that are unavailable for the use of people who have difficulty with stairs. Is there another space in the Sonora where this type of gym equipment could be placed for use?	3/3/2026 11:10 AM
56	This idea doesn't require using the grant money, however I see so many people needing more time to cross the streets at the controlled intersections. The lights need more time so older and disabled people have time to cross the street safely.	3/3/2026 11:09 AM
57	We definitely need more crosswalk lights in the city. Crosswalks alone are not acceptable as drivers just zoom through at high speeds. Especially in front of the senior citizens complexes on Main Street.	3/3/2026 11:06 AM
58	I personally do not have any ideas, but I strongly urge you to listen to those individuals who do have ideas/suggestions, both positive and negative - this will help our town be more inclusive. Thank you for putting this survey out! I hope it helps you for future planning.	3/3/2026 11:06 AM
59	No	3/3/2026 11:04 AM
60	More Handicap parking please	3/3/2026 11:02 AM
